

Dear DCPC Preschool Parents-

It's that time of the year again, Registration for the 2023-2024 Academic year.

Please note that our academic calendar is different from years past. We are so excited to announce that the renovation of the building will start in April of 2024!

What does this mean for your student?

Well, it means we are planning to start school on August 17th, 2023. During April through May 10th, we will have a special mini-mester for our 3 year old classes and up. The mini-mester will take place in our DCPC Congregation House. This opportunity will allow for extended hands on curriculum components that will include spending time outdoors exploring the beautiful campus of Davidson College.

However, our Toddler and 2's Programs will have to end by April 1st. If building plans get delayed, we will extend our time in the building, as well as the time in school for our youngest students. We promise to make this special year memorable for our Todds & 2's. Our Preschool will make every minute together count.

We greatly appreciate your support.

**Cherishing Children,
DCPC Preschool**
